📍 Work: (France)

ABOUT ME

Passionate backend engineer with telecom experience operating a multi-million-euro billing platform, plus large-scale cloud systems. Currently contributing to a social app used by 30M+ monthly active users.

WORK EXPERIENCE

🏢 Bereal – France

Country: France

Senior Software Engineer (Freelance)

[01/2025 – Current]

- Shipped features to 30M+ MAU, iterating with product/mobile while maintaining reliability.
- Migrated high-traffic APIs from Node.js to Go.
- Scaled backend to million-user spikes in 2-minute windows; analyzed consistency/latency/cost trade-offs and contributed to design/code reviews.

Technical environment: Go, Google Cloud (GCP), Kubernetes, Pub/Sub, Spanner, PostgreSQL, Redis, GitHub Actions, Argo CD.

🏢 OVHCloud – France

Country: France

Senior Software Engineer

[12/2022 – 01/2025]

- Modernized and stabilized a €50M+/year billing platform, improving uptime, latency, and maintainability.
- Hired and upskilled engineers through mentoring, reviews.
- Embedded agile practices that boosted collaboration, focus, and responsiveness.
- Designed and shipped new microservices, strengthening a modular, scalable architecture.
- Diagnosed and fixed defects fast, preventing regressions with tests and observability.

Technical environment: Python, Golang, FastApi, Docker, Docker Compose, Temporal.

🏢 Spikeelabs

Software Engineer

[2018 – 12/2022]

Covage & Unyc

- Developed and optimized the billing solution, improving performance and reliability.
- Automated deployments and database management using Jenkins and Ansible.
- Set up Kubernetes clusters and deployed microservices.
- Contributed to bug fixes, monitoring, and support for operations teams.

Technical environment : Python, Django, Docker, Docker Compose, Cassandra, MongoDB, SQL Server, RabbitMQ, GitLab, Kubernetes, Ansible.

SKILLS

Golang / Python / GCP / RabbitMQ / Cassandra/MongoDB/SqlServer / Prometheus/Graphana/cAdvisor / Jenkins, Gitlab / Swarm/Kubernetes / Docker/Docker compose

EDUCATION AND TRAINING

Engineering degree

National Engineering School of Tunis (ENIT)

Preparatory cycle (MPSI-MP)

El Manar preparatory institute for engineering studies

LANGUAGE SKILLS

Mother tongue(s): French | Arabic

Other language(s): English

HOBBIES AND INTERESTS

Music

Travel

Cooking
